An act to add Section 5156.5 to the Vehicle Code, relating to license plates.

LEGISLATIVE COUNSEL'S DIGEST

AB 49, as amended, Buchanan. License plates: breast cancer awareness.

Existing law authorizes the Department of Motor Vehicles (DMV) to issue specialty license plates, including environmental license plates and specified special environmental design license plates. Under existing law, a state agency is authorized to apply to the DMV to sponsor a specialized license plate program, and the DMV is required to issue those license plates if the agency meets certain requirements. The DMV is required to charge specified fees for certain services related to the issuance of those plates.

Existing law establishes the Breast Cancer Control Account in the Breast Cancer Fund, and requires that funds in that account, upon appropriation by the Legislature, be allocated for the provision of early breast cancer detection services for uninsured and underinsured women.

This bill would require the State Department of Health Care Services to apply to sponsor a breast cancer awareness license plate program, and would require the DMV to issue the license plates if the State Department of Health Care Services meets certain requirements. The bill would ~~require the plates issued under the program to bear a full-plate graphic design that includes the pink breast cancer awareness ribbon on a pink background, as specified~~ *authorize the State Department of Health Care Services to accept and use donated artwork from California artists for the license plate*, and would require the revenue generated from the license plates, as specified, to be deposited in the Breast Cancer Control Account in the Breast Cancer Fund.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.
